

REMARKS

A brief telephone interview was held on April 26, 2007 between Examiner Tran and attorney representative George S. Blasiak. The Examiner stated that claim 80 was allowable and suggested that the applicant amend all claims to incorporate "handshaking" elements of claim 80 into the remaining claims to render the remaining claims allowable. In response, the applicant's representative stated that the applicant's position respecting the remaining claims is believed to be strong, and indicated that the applicant continue to regard all claims to be patentable.

Accordingly, the applicant's representative, rather than agreeing to amending all claims, respectfully requested the Examiner present a formalized Office action substantiating the Examiner's position as to each claim.

If the Examiner believes that contact with applicant's attorney would be advantageous toward the disposition of this case, the Examiner is herein requested to call applicant's representative at the phone number listed below.

The Commissioner is hereby authorized to charge any additional fees associated with this communication or credit any overpayment to deposit Account No. 50-0289.

Dated: April 27, 2007

Respectfully submitted,
